AZ-02 • NORTHEAST ARIZONA

ELI CRANE VOTED FOR OVER \$1 TRILLION IN HEALTH CARE CUTS

Now Arizonans are losing coverage, facing higher costs, and watching access to care disappear across Northeast Arizona.

Last year, **Eli Crane** voted with Donald Trump to slash over **\$1 trillion** from Medicaid and the Affordable Care Act to pay for lavish tax cuts for billionaires and big corporations. New Medicaid eligibility limits will kick millions off coverage, while funding restrictions rip away money from hospitals, clinics, and nursing homes. They also ended the ACA premium tax credits that made coverage affordable for 22 million people – forcing working families to absorb skyrocketing premiums.

In AZ-02, **five facilities are at risk of cuts or closure** after Eli Crane's vote sparked a health care crisis. For many Arizonans, getting care means traveling farther, waiting longer, paying more – or going without it altogether. While Crane campaigns with Donald Trump, Arizonans across northeast Arizona are struggling to pay their bills and access the care they need.

Eli Crane claims he's been "push[ing] for greater access to healthcare."

The reality tells a very different story.

REAL PEOPLE, REAL CONSEQUENCES

//

They just priced me right out of the market...I have two jobs, and I'm going to start driving for Uber and Lyft just to get some extra money. And even with that, I can't afford \$900 a month.

It just comes at the cost of my financial future in a way...I'll stop contributing to my retirement and savings, which I was hoping to use to buy a house one day.

ARIZONANS ARE SICK OF IT.

Eli Crane chose tax breaks for billionaires over the health care of the families he represents. It's time to restore the tax credits, reverse the Medicaid cuts, and lower costs – before more Arizona families lose the care they depend on.
