CO-08 · THE DENVER AREA

GABE EVANS VOTED FOR OVER \$1 TRILLION IN HEALTH CARE CUTS

Now Coloradans are losing coverage, facing higher costs, and watching access to care disappear across the Denver area.

Last year, **Gabe Evans** voted with Donald Trump to slash over **\$1 trillion** from Medicaid and the Affordable Care Act to pay for lavish tax cuts for billionaires and big corporations. New Medicaid eligibility limits will kick millions off coverage, while funding restrictions rip away money from hospitals, clinics, and nursing homes. They also ended the ACA premium tax credits that made coverage affordable for 22 million people – forcing working families to absorb skyrocketing premiums.

In CO-08, **two health care facilities are closing or closed** after Gabe Evans' vote sparked a health care crisis. For many Coloradans, getting care means traveling farther, waiting longer, paying more – or going without it altogether. While Evans cozies up to top Trump administration officials, families across the Denver area are struggling to pay their bills and access the care they need.

Gabe Evans bragged that the bill he voted for “projects Medicaid spending to increase year after year.”

The reality tells a very different story.

VOICES FROM THE DENVER AREA

REAL PEOPLE, REAL CONSEQUENCES

”

We are small business owners and have to provide health insurance for ourselves and our family out of pocket...And before the Affordable Care Act, we were not able to afford insurance and that was without kids, so it's been a lifeline.

MERCEDES, COMMERCE CITY

”

Right now, paying \$900 more per year is an annoyance...my premiums have doubled.

DAVID, DENVER

COLORADANS ARE SICK OF IT.

Gabe Evans chose tax breaks for billionaires over the health care of the families he represents. It's time to restore the tax credits, reverse the Medicaid cuts, and lower costs — before more Colorado families lose the care they depend on.
