REPUBLICANS VOTED FOR OVER \$1 TRILLION IN HEALTH CARE CUTS

Now Pennsylvanians are losing coverage, facing higher costs, and watching access to care disappear across Southeast Pennsylvania.

Last year, **Republicans voted with Donald Trump** to slash over **\$1 trillion** from Medicaid and the Affordable Care Act to pay for lavish tax cuts for billionaires and big corporations. New Medicaid eligibility limits will kick millions off coverage, while funding restrictions rip away money from hospitals, clinics, and nursing homes. They also ended the ACA premium tax credits that made coverage affordable for 22 million people — forcing working families to absorb skyrocketing premiums.

In PA-01, five health care facilities have already announced cuts or closed after Congressional Republicans' vote sparked this crisis. For many Pennsylvanians, getting care means traveling farther, waiting longer, paying more — or going without it altogether. What Republicans sold as a victory is fast becoming a health care catastrophe across Southeast Pennsylvania.

VOICES FROM SOUTHEAST PA

REAL PEOPLE, REAL CONSEQUENCES

“

My premium is climbing by more than 300%. My coverage saved my life after a cancer scare five years ago, but the price jump came as a shock. I was expecting maybe 50% – not three times the amount. Basic needs are what I'll have to cut down on.

SARAH CUNNINGHAM, HATBORO

“

I have a neck condition that may require surgery, and if the subsidies expire I'll have to delay it further. I voted for Trump last year – something I'm almost embarrassed about now. I don't want free. I just want affordable for my income.

CHRISSY MEEHAN, UPPER CHICHESTER

PENNSYLVANIANS ARE SICK OF IT.

Republicans chose tax breaks for billionaires over the families they represent. It's time to reverse the Medicaid cuts, restore the tax credits, and lower costs for Southeast PA families.
