ROB BRESNAHAN VOTED FOR OVER \$1 TRILLION IN HEALTH CARE CUTS

Now Pennsylvanians are losing coverage, facing higher costs, and watching access to care disappear across Northeast Pennsylvania.

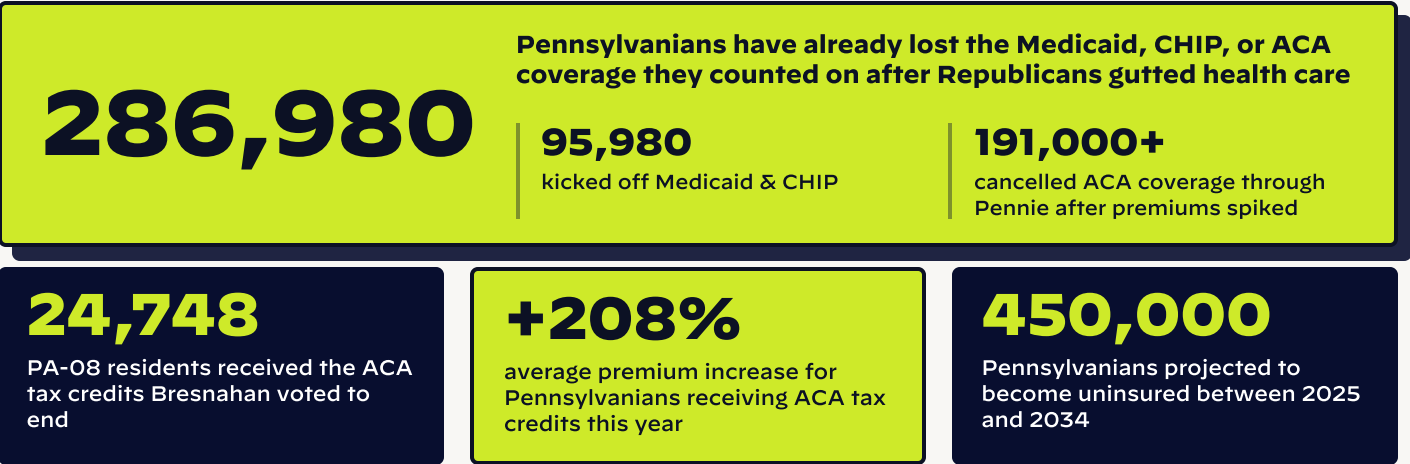

Last year, **Rob Bresnahan** voted with **Donald Trump** to slash over **\$1 trillion** from Medicaid and the Affordable Care Act to pay for lavish tax cuts for billionaires and big corporations. New Medicaid eligibility limits will kick millions off coverage, while funding restrictions rip away money from hospitals, clinics, and nursing homes. They also ended the ACA premium tax credits that made coverage affordable for 22 million people – forcing working families to absorb skyrocketing premiums.

In Northeast Pennsylvania, a health care facility is already at risk after Rob Bresnahan’s vote sparked this crisis. For many Pennsylvanians, getting care means traveling farther, waiting longer, paying more – or going without it altogether. While Bresnahan campaigns with Donald Trump and rubs elbows with his cabinet, Pennsylvanians are struggling to pay their bills and access the care they need.

Rob Bresnahan claimed the bill he voted for “protects health care access.”
The reality tells a very different story.

REAL PEOPLE, REAL CONSEQUENCES

“

Small business owners like me are absorbing the damage. The ACA marketplace is how those of us who can't self-insure get coverage – and when it becomes unaffordable, we all lose. How can I offer benefits to employees when I'm struggling with the same broken system?

My cost is going from \$688 to \$1,142 a month – that jacked it up by over \$450. That's a car payment. Nobody should have to spend even \$688 a month on health insurance, much less over \$1,000. At 61, going without coverage isn't an option. I'm stuck.

PENNSYLVANIANS ARE SICK OF IT.

Rob Bresnahan chose tax breaks for billionaires over the families he represents. It's time to reverse the Medicaid cuts, restore the tax credits, and lower costs for Northeast PA families.
